FIRST RESPONDER LUNCHEON

We were honored to present two awards at the I-94 West Chamber of Commerce First Responder Luncheon on May 23. Paul Gonsior of the Albertville Fire Department was recognized for developing a fire and safety curriculum that inspires kindergartners at Albertville Primary School to be safe and consider becoming a firefighter. Deputy Nathaniel Brown of the Wright County Sheriff's Office was recognized for a situation where his quick thinking and actions saved a family home in Otsego from fire.

WH Security was grateful to be a part of this event honoring our communities' police officers, firefighters, EMS personnel and other individuals who have provided exceptional response in an emergency situation.

MAPLE GROVE DAYS!

WH Security was in the Maple Grove Days Parade the evening of Thursday, July 12. Those attending the Maple Grove Days festivities also had the opportunity to talk to our security specialists at the Business Expo on Saturday, July 14, at the Maple Grove Community Center. WH Security showcased samples of our home and business security products and had specialists available to answer questions.

KEEP AN EYE ON THE KIDS

School's out for summer and so are the kids. If your children are old enough to be left home during the day, consider a home security camera to be your eyes and ears while you're away. Point it at the front door and you'll be able to see when the kids come and go in real time. Set up alerts so when motion is detected, you receive an email or text alert so you can check and see if friends have been invited over.

In addition to keeping an eye on the inside of your home, security cameras can be a set of eyes outside. Summer is a common time for vehicle theft to occur as warmer weather encourages people to stay outside later into the evening. You may have heard of theft occurring in vehicles left in driveways overnight. WH Security reminds you to always lock your vehicle doors and don't store valuables in plain sight. A security camera pointed at your driveway would also let you see who's coming and going from your property at all hours.

If you're considering home security cameras, give the WH Security specialists a call at 763.477.3664 to discuss your needs. Nothing is more important than the safety of your family. Put your mind at ease and let us create a customized solution to help keep your family and home safe.

GLASS BREAK SENSORS PROVIDE ADDED SECURITY

Glass break sensors are a powerful addition to a home security package as they detect the sound of glass breaking. These sensors are triggered by specific sound waves created by the sound of breaking glass. Unlike traditional window sensors, glass break sensors do not detect if a window is opened or closed, they are only triggered if the glass is broken.

Glass break sensors from WH Security are an excellent option for sliding glass doors where an intruder could potentially break the glass without opening the door itself (and thus not activating the door sensor). The same can apply to homes with larger windows. You do not need a glass break sensor for every window as one sensor can be used to cover multiple windows within proximity.

Check your home. If you have a window or door sensor that could be circumvented by going through the glass instead of opening it, you may want to consider adding a glass break sensor. Call our security specialists at 763.477.3664 today to learn more.

END THE SUMMER WITH A DAY TRIP!

Looking for a fun day trip to wrap up the summer? We have some great ideas for you. These activities are all within a few miles of each other and only an hour northwest of Minneapolis:

- Taylors Falls Scenic Boat Tours, Taylors Falls, MN
- Wild Mountain Water Park, Taylors Falls, MN
- Interstate State Park, Taylors Falls, MN
- Fawn Doe Rosa Wildlife Educational Park, Saint Croix Falls, WI
- St Croix National Scenic Riverway, Saint Croix Falls, WI
- Fraconia Sculpture Park, Shafer, MN

You could also head 30 miles east of Minneapolis to Stillwater to visit the numerous downtown shops and restaurants or to check out these activities:

- Stillwater River Boats
- Lowell Park
- Historic Lift Bridge
- Aamodt's Hot Air Balloon Rides
- Stillwater Trolley
- Luna Rossa Cave Tours
- Warden's House Museum
- Teddy Bear Park

While you're away from home, you can be confident your home is secure by checking in on your property with interactive services and our mobile app, which allows you to lock doors and adjust the thermostat from anywhere with internet.
